TRACKMANIA 24H RACE

BECOME A SPONSOR

TRACKMANIA FOR HOURS

Trackmania for Hours (TFH) is a team endurance race on Trackmania. Over 24 hours, players compete to reach as many checkpoints as possible on a surprise track revealed on the day of the event. As one of the only events that is both team playable, beginner friendly and open to a global audience, Trackmania for Hours holds a unique place within the Trackmania community.

We are now looking for financial or material support to help us organise the next edition, scheduled for the 9th and 10th of November.

Over three editions:

Online event of the year 2023

1370 players, including 985 unique players

11,300 viewers on average on Twitch
Peak at 25,400 viewers

4000 impressions per tweet
Peak at 32,000 impressions

More than 1000 members

Possibly the most fun i've had in the game and was great to chill with the team. We never expected to be that good & were bettered by a quality level far higher than we expected.

One of the only events that can be played as a team, the track is designed to be challenging for the most experienced players, yet accessible to all. International by nature, both competitive and friendly, Trackmania For Hours is an unmissable event for the community.

The game mode, the user interface, the website with statistical analysis of each team, the multi-servers: all these elements have been designed with great attention to detail to offer a unique game experience of the highest quality.

WHY SUPPORT US

TRACKMANIA

A game in full expansion

Trackmania is a spectacular game, easy to understand for everyone, but difficult to master.
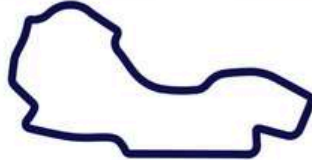

The Trackmania Cup, organised by French streamer Zerator, is proof of this. The 10th edition in the Accor Hotel Arena attracted a full house and nearly 650,000 online spectators, while the Ascension tournament offered a prize pool of €128,000.

The recent Deep Dip challenge, a tower to be climbed where each floor is more technical and dangerous than the last, captivated thousands of spectators for a month.
